Library of the Year Award
c/o Library Journal
360 Park Avenue South
New York, NY 10010

Dear Committee Member:

I would like to nominate Worthington Libraries for the 2007 Library of the Year Award.

Worthington Libraries is a stellar library system, with excellent services, materials and programs provided by a staff that continually goes the extra mile, led by a director who is focused on the future, guided by a dedicated and thoughtful board and supported by a community that values education and lifelong learning. It's a winning combination.

After reading this application and learning more about where we've been and, more importantly, where we're going, I hope you'll recognize Worthington Libraries as the 2007 recipient of the Library of the Year Award. Thank you for your consideration.

Sincerely,

Lisa D. Fuller
Community Relations and Development Director
